

**SAFE ZONE:** All critical elements (text, image, logos, etc.) must be kept inside the blue box. Anything left outside the blue box may be cut off during trimming. 2/16" from the trimming (red) edge is the recommended minimum.

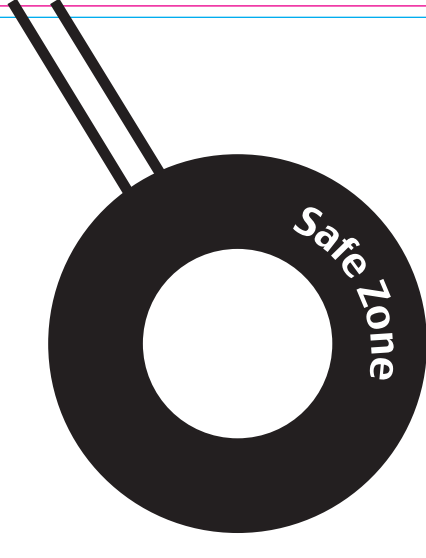

**TRIMMING EDGE:** Please allow 1/16" cutting tolerance around your item. We do not recommend borders due to slight shifting in the cutting process. Borders may appear uneven.

**BLEED:** Make sure to extend background images or colors all the way to the edge of the black box.
